

Meet Euno

Your calm, clever data companion

The Problem

Running a business shouldn't mean running in circles.

Tasha runs a growing online store.

She juggles Stripe, Shopify, and spreadsheets — just to answer:

**"Are we actually growing...
or just spending more?"**

Sound familiar?

Data isn't the problem. Clarity is.

- ✖ Too many tools
- ✖ Slow or confusing reports
- ✖ Decisions made on gut or guess

Most small teams are drowning in data and still flying blind.

Euno brings clarity in a conversation.

Just connect your business data...

And ask questions like:

What were my top 5 products last month?

Did that promo campaign work?

How's churn trending by region?

Insight without the overwhelm

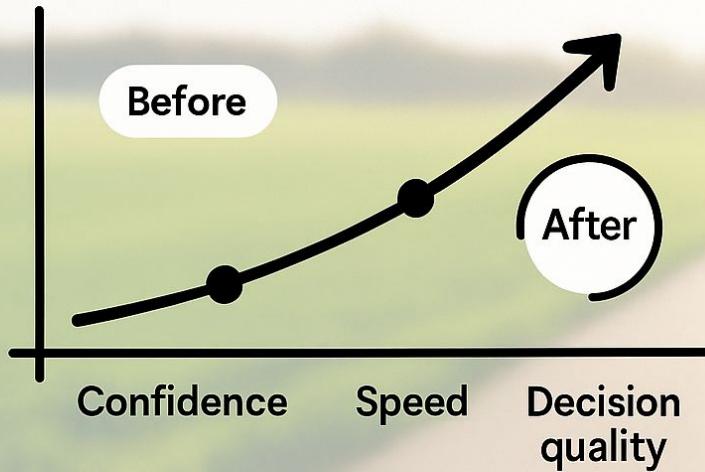

“Euno gives me the confidence to decide fast.

- ✓ Instant answers
- ✓ Clear language
- ✓ No dashboards, no stress

Euno feels like hiring an analyst – without the salary

From guessing to confident growth.

Now, Tasha starts her day with Euno. She knows what's working – and what to do next. No more confusion. Just clarity.
